### **Daniel Doman Joins Vein Clinics of America as Chief Financial Officer**

**Schaumburg, Ill. — May 17, 2006** — Vein Clinics of America (VCA), the largest U.S. medical practice specializing exclusively in the non-surgical treatment of varicose vein disease and related disorders, announces the appointment of Daniel Doman as chief financial officer (CFO).

As CFO, Mr. Doman will be responsible for all activities associated with the accounting and finance function of the organization. This includes preparation of financial statements, treasury management, coordinating independent audits, internal controls, policies and procedures, revenue cycle management, budgeting, and profitability enhancement.

“I am very excited about my role with Vein Clinics of America,” said Mr. Doman. “It is a unique company with a unique service. It is poised for growth and expansion and I look forward to being a part of that process.”

Prior to joining VCA, Mr. Doman was the managing director of Health Dimensions Group, a national management and consulting firm. He headed the firm’s Chicago office and was responsible for all financial and reimbursement analysis on engagements throughout the organization.

Doman graduated from Loyola University of Chicago in 1984 with a bachelor’s degree in business administration in accounting and finance. He is also a certified public accountant.

VCA is the largest medical practice in the United States specializing exclusively in the non-surgical treatment of varicose veins, leg ulcers, and related vein disorders. Unique to the treatment of varicose veins, VCA offers state-of-the-art Endovenous Laser Treatment (ELT) in addition to its COMPASS™ protocol of sequential ultrasound-guided foam sclerotherapy. As a result, VCA meets the needs of each patient, providing treatment for the largest, ropey varicose vein to the smallest spider vein. Procedures are performed in the physician’s office and are incorporated into a treatment plan designed to lessen the possibility of progression and recurrence common to varicose vein disease. Founded in 1981, VCA has 25 locations throughout Florida, Georgia, Illinois, Indiana, Kansas, Maryland, North Carolina, Tennessee, Virginia, and Wisconsin.

For more information regarding vein disorders, ELT, or COMPASS procedures, call VCA at 1-800-660-8346 or visit [veinclinics.com](http://veinclinics.com).
